Site Instructions are issued for the purposes of recording any clarification or interpretation of the contract documents or giving direction on problems resulting from field conditions. These instructions are subject to the provisions of the contract documents and unless stated herein and specifically authorized by the Client, will not affect the contract. Should the Contractor require a change in the contract price or project schedule, he shall submit to the Architect an itemized proposal. If the Client accepts the proposal, a Change Order will supersede this Site Instruction. When used as a Field Order, the Instruction should clearly state the accounting basis on which the work is to proceed and whether there is a change to the proposed schedule.
