

NEW

KitchenAid® 1200-Watt Countertop Convection Microwave Oven, Architect® Series II

3.9

143 Reviews | Write a Review

This countertop microwave oven operates at 1200 watts of microwave power and includes a separate 1500 watt convection element that allows you to use this microwave as a true second oven. In addition to convection, you can also grill and roast similar to a conventional oven. Nine quick-touch cooking cycles include three sensor cycles that simplify operation.

AVAILABLE COLOR OPTIONS

 Stainless Steel - KCMC1575BSS
